Pro Se Plaintiff, Mohammed Quadir's, Opposition to Defendant DOL's Motion for Summary Judgment Quadir v. NYS Dept. of Labor, SDNY (16-CV-7476 & 17-CV-5177)

## Introduction<sup>2</sup>

In these Opposition Papers to Defendant DOL's 8/23/19 Motion for Summary Judgment, I will present information to the Court, which convincingly demonstrate my ability to work despite my diagnosis of Major Depressive Disorder. I will show the 9/21/15 & 3/8/16 "psychological evaluations" DOL paid for and relied on to justify my suspension on Oct. 7, '15, and my continued suspension thereafter in April 2016, to have been grossly biased and flawed.

Furthermore, I affirm DOL had no lawful and justifiable basis whatsoever for taking any of the punitive and disciplinary actions it took against me including, but not limited to, my Dec. 15, '16 involuntary medical termination; termination of my medical insurance effective 7/28/16 (Quadir III, ECF 2, filed 7/07/17, p. 15 of 32) and thereafter denial of my waiver request from having to pay the full premium of \$800 per month (ibid., p. 16 & Newly Submitted Exhibit pp. 223-236); my forced involuntary medical suspension from work without regular pay effective Oct. 7, '15 and continued suspension thereafter on April 18, 2016 (see *Quadir III*, ECF 2, filed 07/07/17, p. 22 of 32; see also DOL Exhibits EE & DD); my April 2015 unsatisfactory annual evaluation citing, among other things, my inability to teach workshops (at a time when workshops were not even being taught & thereby proving my accommodation request to be exempt from having to teach workshops was never approved after Feb. 14, 2012—see Quadir I, ECF 5-3 Filed 05/31/13 Page 2 of 7) and perform all resource room duties (another marginal duty of LSR job title similar to workshops) because of which I have not received a pay raise to this date even;<sup>3</sup> imposition of "full restrictions" denying leave accruals since April 2014; and the 130 or so disciplinary write-ups, emails and counseling sessions to which I have been subjected to date, and so on.

Towards this end, the following documents present very relevant information pertaining to my 2<sup>nd</sup> & 3<sup>rd</sup> lawsuits against DOL and refute DOL's numerous and vociferous denials

<sup>&</sup>lt;sup>2</sup> From this point on my first SDNY lawsuit against DOL (13-CV-3327) will be referred to as "*Quadir I*" for simplicity's sake. And these present 2<sup>nd</sup> & 3<sup>rd</sup> lawsuits against DOL will be referred to as "*Quadir II*" and "*Quadir III*" respectively. Responses to DOL's 56.1 Statement will be submitted by me on or about January 20, 2020.

<sup>&</sup>lt;sup>3</sup> The fact DOL very specifically cited my inability to teach workshops as one reason for the 2015 unsatisfactory annual evaluation denying a pay raise to this date even, just further proves my contention DOL did not accommodate my reasonable accommodation request to be exempt from teaching workshops after Feb. 14, 2012—see *Quadir I*, ECF 5-3 Filed 05/31/13 Page 2 of 7. The same goes for requesting modified duties while working in the resource room, which was an accommodation readily approved for at least two other workers in the Bronx office at around the same time. Here I am specifically referring to former LSR Martin Brennan and former clerical staff member Sandra Harrison. (See DOL's Exhibit J for this unsatisfactory 2015 evaluation denying a pay raise—i.e., *Quadir III*, ECF 42-10, filed 08/23/19, page 8 of 11, paragraphs 11 & 12.)

of disability discrimination and retaliation against me. As such, I am respectfully asking the Court to please review the following documents before making a final decision on DOL's Motion for Summary Judgment. I am also asking the Court to hold oral arguments in these latter *Quadir v. DOL* cases if the Court still has unanswered questions after all of the authorized filings (pre-approved or otherwise permitted by the general rules of the Court) have been submitted by the parties.

I am specifically asking the Court to please thoroughly read my 2<sup>nd</sup> & 3<sup>rd</sup> *Quadir v. NYS Dept. of Labor* lawsuits. In regards to the 2<sup>nd</sup> *Quadir* suit, I am very specifically asking the Court to review ECFs 2, 2-1, 2-2, & 2-3, filed 09/23/16. In regards to the 3<sup>rd</sup> *Quadir* lawsuit, I am asking the Court to review ECF 2, which was the initial complaint I filed with the *pro se* office on 07/07/17. I am asking the Court to please carefully review my earlier-submitted Opposition to Defendant DOL's Motion to Dismiss and my Surreply to the same (*Quadir II*, ECFs 20 & 28, filed 04/05/17 & 05/15/17, respectively). Both documents present important information very relevant and applicable to DOL's present Motion for Summary Judgment.

Finally, I am asking the Court to please review my Declaration and Supplemental Declaration from *Quadir I*. These would be ECF 134-2 filed 02/22/16 (13 pages) & ECF 154-1 filed 03/23/16 (10 pages). They not only present information relevant to these present 2<sup>nd</sup> & 3<sup>rd</sup> Quadir lawsuits, and refute DOL's numerous denials, but were filed well after my involuntary/forced medical suspension from work on Oct. 7, '15. The Court needs to please remember I have not been back to work at DOL as an employee since my forced medical suspension after Oct. 7, '15.<sup>4</sup>

# Quadir's Psychological Records, 2 Return-to-Work Letters, & GoodTemps Confidential Medical Report Since 2015 Affirm His Ability to Work & Workplace Harassment

Dr. Naveed Iqbal is my present psychiatrist and he has been treating me for my condition, Major Depressive Disorder, since August 2011. As such, records of my medical visits with him from 2/23/15 to 2/9/19 are being submitted as exhibits in these latter *Quadir* suits—please see **Newly Submitted Exhibit pp. 94-206**.<sup>5</sup> (My psychological records

<sup>&</sup>lt;sup>4</sup> I am also asking the Court to review my Responses to DOL's 56.1 Statement, because some of the issues not directly being addressed here are very likely to be addressed there. My Responses to DOL's 56.1 Statement will be submitted on or about January 20, '20, along with my apology and explanation for the considerable lateness in submitting my Opposition Papers and Responses to DOL's 56.1 Statement.

<sup>&</sup>lt;sup>5</sup> Only the date of birth is being redacted in Quadir's medical reports.

prior to Feb 2015 were submitted in first *Quadir v. NYSDOL* SDNY lawsuit—13-CV-3327—as Exhibit 34—ECF 143-2, filed 2/23/16. As such they should already be available to the Court. However, if they are no longer available and the Court needs to review them, Plaintiff is requesting the Court inform him of this and he will provide the Court with another copy of said records of medical visits prior to Feb. 2015.)

If the Court carefully reviews these progress notes from Dr. Iqbal from 2/23/15 to 2/9/19, it will see that in visit after visit Dr. Iqbal notes (usually on the very first of the three pages of every visit) that I am neither suicidal nor homicidal (meaning I do not pose a threat to myself or others), which by the way even DOL's paid-for psychologist, Cynthia Bobseine acknowledged in her March 8, '16, report finding me unfit to work—see **DOL's Exhibit DD**, p. 2 of 3, DEFS 5238.<sup>6</sup> Dr. Iqbal almost always notes in visit after visit that my speech is coherent. On the 3<sup>rd</sup> page of the progress notes he indicates which anti-depressant medications he is prescribing me to take. I have been taking Zoloft and Pamelor for a very long time including to the present time to manage the symptoms associated with my condition.

And although Dr. Iqbal's handwriting is somewhat hard to read he frequently notes my complaints to him about the constant workplace harassment, threats, and write-ups at DOL causing me additional anxiety and stress—so was having to prosecute the lawsuit against DOL while working at DOL. For example, during the 5/21/14 visit, he noted that 40% of my absences at work were due to the constant supervisory harassment—see *Quadir I*, Plaintiff's Declaration, ECF 134-2, filed 2/22/16, p. 12 of 13, paragraph 46. (Even DOL's psychologist John Wapner wrote on p. 2 of his Sept. 21, '15, "evaluation"—DOL's Exhibit BB—DEFS 5141—that I had been disciplined and written up so many times and that I found the environment so stressful that I often found it difficult to come to work. I agree. The work environment was so stressful it contributed up to 40% of my absences as noted in the aforesaid Iqbal medical reports.)

During the 6/13/16 visit (**Exhibit p. 142**), Dr. Iqbal noted I was fired from my job and that I was stressed. Although, DOL never acted on this May 20, '16 termination (**DOL**'s **Exhibit P**, *Quadir III*, ECF 44-4, filed 08/23/19), it did act on the subsequent Dec. 15, '16, termination—see **DOL's Exhibit LL**, filed on 8/23/19. During the 11/17/16 visit, Dr. Iqbal noted DOL had dropped me from its health insurance plan and coverage—**Exhibit p. 154**. During the 11/29/17 visit, Dr. Iqbal noted I was under financial pressure as a result of having been fired from my job—**Exhibit pp. 175 & 179**. When asked if he would have asked to see these reports from my psychiatrist Dr. Naveed Iqbal, Dr. Wapner answered "I don't know"—Wapner transcript, p. 97.

<sup>&</sup>lt;sup>6</sup> Similarly, Dr. Bobseine's husband DOL psychologist, John Wapner noted on page 3 of his Sept. 21, '15, "evaluation" of me that "[h]e appears to have good impulse control overall..."—see DOL's Exhibit BB.

<sup>&</sup>lt;sup>7</sup> When citing from the 4 condensed transcripts, the pages being cited are the actual transcript pages not the condensed transcript page numbers, which combine 4 separate actual transcript pages into just one.

Additionally, Dr. Iqbal authored two medical notes finding me fit to work. One of the notes was dated January 1, 2016 (which DOL submitted as **Exhibit Q** in these cases), while the other was dated January 1, 2017, which DOL conveniently did not include as part of its Lisa Burrell (Associate Director of Human Resources for DOL) **Exhibits KK & LL**, along with several additional critically important documents pertaining directly to Plaintiff's Dec. 15, '16 termination—DOL's **Exhibit LL**. As such, Plaintiff is providing the Court with this January 1, 2017 Dr. Iqbal's Return-to-Work Letter for Quadir along with some of the other aforesaid documents, which DOL evidently omitted—see Plaintiff's **Newly Submitted Exhibit p. 222**, in particular for the Iqbal Jan. 1, 2017, Return-to-Work medical note for Quadir.

Dr. Iqbal did not just stop at writing the aforementioned 2 Return-to-Work Letters. He also authored a two-page September 7, '17, "GoodTemps Confidential Medical Report Psychiatric Disability" on my behalf in which he specifically noted "[p]atient is willing and able to participate in a structured work-related program and has realistic decision making skills and understands his limitations and capabilities"—see **Newly Submitted Exhibit pp. 238-239** (submitted earlier to DOL during Discovery as PDF 24). Directly as a result of this, I was placed on assignment by the GoodTemps employment agency to work for the Westchester County Council for part of 2018—during months of February, March, April & August. See **Newly Submitted Exhibit p. 240**, which was submitted to DOL earlier as PDF 26 for this employment verification letter from GoodTemps dated August 31, 2018.

### Quadir's Neurological Records From 2015-2016 Affirm His Ability to Work & Workplace Harassment

Similar to psychiatrist Dr. Naveed Iqbal, I have been seen by neurologist Dr. Sandeep Gulati since 2011. Of particular relevance are the 3 visits from 2015-2016 occurring on 3/2/15, 6/1/15, and 5/2/16. (My neurological records prior to Feb 2015 were submitted in first *Quadir v. NYSDOL* SDNY lawsuit—13-CV-3327—as Exhibit 33—ECF 143-1, filed 2/23/16. As such they should already be available to the Court. However, if they are no longer available and the Court needs to review them, Plaintiff is requesting the Court

<sup>&</sup>lt;sup>8</sup> Dr. Iqbal noted in this 9/7/17 GoodTemps Confidential Medical Report my only stressor at that very moment anyway was being economically unstable and not having a job—due to DOL's termination of course

<sup>&</sup>lt;sup>9</sup> Newly Submitted Exhibit pp. 238-240 are out of sequential order as the immediately preceding exhibit page cited was Exhibit p. 222.

inform him of this and he will provide the Court with another copy of said records of medical visits prior to Feb. 2015.)<sup>10</sup>

In all visits occurring on 3/2/15, 6/1/15, and 5/2/16, Dr. Gulati essentially noted that my mood was appropriate; that my immediate recall and short-term memory were intact. And in addition to my long-term memory also being intact, repetition and naming were also intact (Please see **Newly Submitted Exhibit pp. 207-213** for these Dr. Gulati neurological records for the aforesaid period.) Of particular importance were the visits to Dr. Gulati occurring on 6/1/15 (just 3 months before DOL's psychologist Dr. Wapner Sept. 21, '15, "evaluation" finding me unfit to work) and 5/2/16 (just 2 months after DOL's psychologist Cynthia Bobseine March 8, 2016 "evaluation" also finding me unfit to work.)<sup>11</sup>

Incidentally, the Court should be informed that both Dr. Wapner & Dr. Bobseine have been married to each other for over 40 years (please see pp. 11, 19 & 87 of Dr. Bobseine's deposition transcript and pp. 10-11 & 110 of Dr. Wapner's deposition transcript). However, neither included this very relevant fact (pointing to a direct conflict of interest) in their respective psychological evaluation reports finding me unfit to work. (There is also, at a minimum, another incident with Dr. Bobseine in particular in which she concealed her marriage to Dr. Wapner in a newspaper op-ed she authored on Oct. 17, 2017 via which she promoted his reelection to the Chatham Town Board. I address this in some length later in the section dealing with why Dr. Bobseine's evaluation is flawed.)

Finally, Dr. Gulati in all visits occurring on 3/2/15, 6/1/15, and 5/2/16 noted in my medical records that I found having to prosecute the case while at work to be stressful. In particular and in regards to the foregoing 3 visits, he wrote "[l]awsuit at work-stressful." Dr. Gulati further noted during my 5/2/16 visit (**Exhibit p. 211**) that I was "always under stress" after the ". . . state doctors decided that. . . [I was] unable to work. . ." When asked if he would have asked to see these reports from my neurologist Sandeep Gulati, Dr. Wapner answered "I don't know"—Wapner transcript, p. 97.

<sup>&</sup>lt;sup>10</sup> As a reminder again, my first lawsuit will be referred to as "*Quadir I*" for simplicity's sake. And these present 2<sup>nd</sup> & 3<sup>rd</sup> lawsuits against DOL will be referred to as "*Quadir II*" and "*Quadir III*" respectively.

These conflicts between the 2015-2016 Dr. Gulati medical reports intimating my ability to work versus psychological reports authored by DOL psychologists John Wapner & Cynthia Bobseine (a married couple for over 40 years) from the same general time period were brought to their attention during their depositions—please see Dr. Wapner's deposition transcript pp. 105-109 & Dr. Bobseine's deposition transcript pp. 82-86.

## DOL Psychologist John Wapner's 9/21/15 Evaluation Is Flawed<sup>12</sup>

In this section, I will discuss how DOL psychologist John Wapner's evaluation of me is grossly flawed as evidence not only by his deposition testimony (the entirety of which is being submitted to the Court as a condensed transcript)<sup>13</sup>, but by his 9/21/15 "evaluation" report itself. First it needs to be noted that as a psychologist, Dr. Wapner, never attended medical school and is not licensed to prescribe medications (see Wapner deposition transcript, p. 15).<sup>14</sup> This is unlike my neurologist, Dr. Gulati and my psychiatrist, Dr. Iqbal who are.

During his deposition, Dr. Wapner testified in his own words "I don't ask employees to provide anything"—Wapner transcript, p. 24. So, while he reviewed, as admitted by him (DOL's Exhibit BB, 9/21/15 Wapner evaluation, p. 1 of 3, DEFS 5140), many of the negative disciplinary emails and write-ups authored by my former supervisor, Noemi Ramos, he never asked me for documentation, which would have favorably communicated my actual job performance at DOL.

Dr. Wapner noted on p. 2 (DEFS 5141) of his "evaluation" that I had achieved a scaled score of 4 on the **Verbal Paired Associates 1** and **Verbal Paired Associates 2** exams. However, during his deposition he testified he was aware of criticisms pertaining to the validity of these very tests—Wapner transcript, pp. 55-56.

Regarding the **Working Memory Index of the W.A l.S. IV**, Dr. Wapner noted my average score of 102 indicated "... functional concentration and attention..." (Wapner evaluation, p. 2, DEFS 5141). He testified during his deposition based on his 9/21/15

<sup>&</sup>lt;sup>12</sup> On paragraph 30 (p. 7) of his Declaration Employee Health Service (EHS) Director, RICHARD A. CIULLA noted that DOL psychologist John Wapner had opined that I had "... limited judgment in terms of ... behavior in the workplace." My question is since Dr. Wapner has never seen me at work at Bronx DOL how exactly would he know whether or not my behavior in the workplace was appropriate. At most Dr. Wapner spent 3 hours with me during the Sept. 21, '15 "evaluation" (see pp. 73-74 & 103 of Wapner's April 16, 2019 deposition transcript) while I have been seeing Dr. Iqbal (my psychiatrist) and Dr. Gulati (my neurologist) since 2011. I have seen Dr. Gulati more than 20 times—Wapner transcript, p. 109. Dr. Wapner was paid at a rate of \$250 an hour up to a maximum of 3 hours—Wapner deposition transcript, pp. 36-37.

<sup>&</sup>lt;sup>13</sup> When citing from the 4 condensed transcripts, the pages being cited are the actual transcript pages not the condensed transcript page numbers, which combine 4 separate actual transcript pages into just one.

<sup>&</sup>lt;sup>14</sup> 70% of work Dr. Wapner does comes from government agencies—Wapner transcript, pp. 19-20—and he has been employed by the Employee Health Service (EHS) since 1981—ibid., p. 21—giving him a strong natural incentive to tailor the results of his evaluations generally to the liking of the EHS.

#### Case 1:16-cv-07476-JPO Document 88 Filed 01/14/20 Page 8 of 52

interview of me that I was of normal intelligence (Wapner transcript, pp. 57 & 60)<sup>15</sup> and that his main concerns about my memory was "based mostly on presenting material"—meaning the disciplinary emails and write-ups presented to him by DOL (ibid., p. 57).

Insofar as some of the other tests conducted (p. 3 of Wapner's 9/21/15 "evaluation"), Dr. Wapner admitted there are criticisms as to the validity of both the **Beck Anxiety Inventory** (BAI) and the **Beck Depression Inventory II** (BDI-II) tests conducted (Wapner transcript, pp. 62, 63, 67, & 68—please feel free to review all pages in between for context). Dr. Wapner further admitted there are also criticisms as to the validity of also the **M.M.P.I.2** test he conducted (Wapner transcript pp. 72-73 and Wapner's 9/21/15 "evaluation," p. 3, DEFS 5142, i.e., DOL's Exhibit BB for the latter).

On page 3 of his 9/21/15 "evaluation" Dr. Wapner noted that I found the Bronx DOL workplace to be "extremely stressful" and this kept me from attending work more regularly. However, he did not elaborate as to what caused this extreme workplace stress, which was the constant disciplinary write-ups, emails, counseling sessions, negative annual evaluations denying pay raises (which was the case in 2015).<sup>17</sup>

And Dr. Wapner's determination that I lacked "any coping skills"—p. 3 of 9/21/15 "evaluation"—was based entirely on the 9/21/15 interview not as result of one the psychological tests he administered (Wapner transcript, p. 81). Dr. Wapner admitted patients can be taught "coping skills," while claiming at the same time it would not have been appropriate for me—although he could not answer why when questioned (pp. 81-82 of Wapner transcript). See also Wapner transcript, p. 117 where he acknowledges again that I was unhappy at the workplace; however, he again does not explain why.

Perhaps the most important piece of information that was gleaned from Dr. Wapner's deposition was his admission that he never asked to (Wapner transcript, p. 93) nor was ever shown (ibid., p. 86, as admitted by Wapner's attorney, Ms. Hurley) by DOL my

<sup>&</sup>lt;sup>15</sup> See also pp. 60, 61 of Wapner's transcripts for a discussion of conducting structured one-on-one interviews, which is the kind of work I did at DOL.

<sup>&</sup>lt;sup>16</sup> To the extent I experienced anxiety at the workplace, it was mainly due to the constant disciplinary write-ups, emails, counseling sessions and overall harassment in general on a daily recurring basis.

<sup>&</sup>lt;sup>17</sup> During his deposition, Dr. Wapner testified that he had no reason to dispute or doubt that workplace harassment and stress at DOL was exacerbating my disability and kept me from attending work more regularly—Wapner transcript, p. 74. He noted I "...seem to maintain normal concentration and attention. ." (p. 3 of his 9/21/15 "evaluation" and p. 75 of Wapner transcript) and that I had "adequate judgment" (p. 3 of 9/21/15 Wapner evaluation and p. 78 of Wapner transcript).

<sup>&</sup>lt;sup>18</sup> To date, I have been subjected to about 130 of these write-ups and other forms of disciplinary actions negatively impacting (or in the case of the Dec. 15, '16 "medical" termination denying) salary and/or benefits.

excellent work performance records from May 2014 to May 2015. These critical work performance reports were filed on 2/22/16 as **Exhibit 28** in my first SDNY *Quadir* lawsuit (13-CV-3327, ECF 137-1). These excellent work performance reports reveal that month after month (for 13 consecutive months) I was not only meeting, but exceeding DOL's numerical performance metrics/benchmarks when many of LSR co-workers at the Bronx DOL office were not. And these were mostly LSR co-workers without any handicaps or disabilities—unlike me.<sup>19</sup>

As Bronx DOL office manager, Atul Sheffey, avowed to all staff in an email sent on Friday, <u>April 25, 2014 at 12:18pm</u> "[t]he state goal is all staff to have at least 95% in all five measurements." (See *Quadir III*, ECF 20, filed 6/15/18, p. 39 of 48, for this email from Sheffey, which I personally hand inscribed as "Exhibit p. 75" on the actual email itself.) Mr. Sheffey further noted, as I am directly quoting, the following from the aforesaid email:

## We cannot stress enough how important these five measurements are. The Department is measuring all staff on these 5 performance measures.

The state (meaning the state of NY) throughout **ALL** DOL offices across the state was measuring how well LSRs performed on the foregoing 5 performance metrics not if and/or how well they taught workshops not if and/or how well they worked in the resource room, and so on. Even my former immediate supervisor, Noemi Ramos, reluctantly testified, during my earlier Civil Service Law Section 72 appeal (before hearing officer Dennis J. Campagna) that my work was "good." She further admitted the May 2014 to May 2015 work performance reports revealed the LSR workers' productivity and were very specifically used to measure the productivity of the LSR workers in the Bronx DOL office and of course throughout the state of NY as we now know—see *Quadir II*, **ECF 28**, filed 5/15/17, p. 16 of 27 for the table of contents page of *pro se* Plaintiff's earlier-submitted surreply in opposition to DOL's Motion to Dismiss. <sup>21</sup>

<sup>&</sup>lt;sup>19</sup> When asked specifically about which LSR job duties I was unable to perform, Dr. Wapner repeatedly answered "I can't recall"—Wapner transcript, p. 102. In fact, responding to questions with "I don't know," "I can't recall," or "I don't recall" seem to have been a recurring theme during Dr. Wapner's deposition. (Please see the entirety of Dr. Wapner's deposition transcript in particular however please review pp. 97-115.)

<sup>&</sup>lt;sup>20</sup> The latter assignments (teaching workshops and working in resource room) were at best marginal job duties of the LSR position. In particular as to why teaching was not an essential function of the LSR job title was discussed by me in numerous prior submissions to the Court in my first *Quadir* lawsuit. As just one example, please see *Quadir I*, ECF 154-1, filed 3/23/16, pp. 9-10 of 10, for my Supplemental Declaration.

<sup>&</sup>lt;sup>21</sup> Regarding these May 2014 to May 2015 work performance reports emailed by Sheffey to all Bronx DOL staff, see also my earlier submitted Declaration on 02/22/16 in *Quadir I*, ECF 134-2, p. 7 of 13,

## DOL Psychologist Cynthia Bobseine's 3/8/16 Evaluation Is Flawed<sup>22</sup>

Similar to her husband, DOL psychologist John Wapner, in this section I will discuss how Dr. Cynthia Bobseine's March 8, 2016 "psychological evaluation" of me is grossly flawed as evidenced not only by her deposition testimony (the entirety of which is being submitted to the Court as a condensed transcript), but by her March 8, '16, "evaluation" report itself. First it needs to be noted that as a psychologist, Dr. Bobseine (also very similar to her husband) never attended medical school and is not licensed to prescribe medications (Bobseine deposition transcript, pp. 16-17). This is unlike my neurologist, Dr. Gulati and my psychiatrist, Dr. Iqbal who are and who have known me since 2011.<sup>23</sup>

Dr. Bobseine testified during her April 16, '19, deposition that even though she disagreed with my psychiatrist, Dr. Naveed Iqbal's, assessment that I was fit to work, she never spoke to him, never exchanged correspondence with him and did not ask to see Dr. Iqbal's medical notes and reports as they pertained to me—Bobseine transcript, p. 30. And she also very similar to her husband cumulatively spent a total of about 3 hours with me—ibid. However, out of those 3 hours spent with me, Dr. Bobseine found me unfit to work based on only 2 hours of "tests" she conducted on March 8, '16—ibid., pp. 45-46. Additionally, in regards to my psychologist, Dr. Naveed Iqbal, Dr. Bobseine during her deposition—ibid., p. 48—was asked the following question: "How would you weigh the opinion of a practitioner who has cared for a patient for four and a half years [Dr. Iqbal since 2011] against a practitioner who saw a patient for three hours?"

Dr. Bobseine's 3/8/16 "psychological evaluation" report essentially begins with her noting that she had reviewed Dr. John Wapner's, earlier Sept. 21, '15 "evaluation" finding me unfit to work prior to her also finding me unfit to work as a result of her March 8, 16 "evaluation." See p. 1 of 3 (DEFS005237) of DOL's Exhibit DD under the heading "REVIEW OF PREVIOUS EVALUATION" for Dr. Bobseine's March 8, '16, "evaluation" where she noted that she reviewed her husband, John Wapner's work

paragraphs 24-25. And also my Supplemental Declaration from *Quadir I*, 154-1, Filed 03/23/16, page 8 of 10, paragraph 28.

When citing from the 4 condensed transcripts, the pages being cited are the actual transcript pages not the condensed transcript page numbers, which combine 4 separate actual transcript pages into just one.

<sup>&</sup>lt;sup>23</sup> Dr. Bobseine discussed the compensation rate of \$260 per hour by the state when working in NYC—Bobseine transcript, p. 20. And also similar to her husband, Dr. Bobseine acknowledged that prior to conducting a psychological evaluation of an employee she usually receives referral materials from the referring agency, which in my case were the disciplinary write-ups against me provided by DOL without any of the accompanying rebuttals from me of course—ibid., pp. 25-26.

without identifying him as her husband for 40 or so years.<sup>24</sup> (See Bobseine deposition transcript, p. 87, where she acknowledges the marriage).<sup>25</sup>

Dr. Bobseine further admitted during her April 16, '19 deposition that she "... requested Dr. Wapner's report from 2015 from EHS." (Bobseine transcript, p. 39 & see also p. 79 of the same.) She also admitted she was paid for "evaluating" me—ibid. However, when specifically asked whether or not Dr. Bobseine even considered disclosing in her March 8, '16, "psychological evaluation" her marriage to DOL psychologist John Wapner (whose report from Sept. 21, '15—DOL's Exhibit BB—she had just reviewed), she answered no. When specifically asked why not, she answered "I don't believe it's pertinent." (See Bobseine transcript, p. 49.)

On the first page of her 3/8/16 "psychological evaluation" report under the "SUMMARY" section, Dr. Bobseine noted that I had reported to her a long history of conflict with my administration regarding my fitness to perform my work duties. This is inaccurate. The conflict was not over my fitness to perform my work duties, but instead over DOL's repeated refusals to my accommodation requests to come to work a little later in the morning at reduced pay, to be exempt for teaching workshops (a marginal duty of the LSR position), and for slightly modified work assignment while working in the resource room (yet another marginal duty and all of which DOL denied), and so on.

Under the "MENTAL STATUS" section of her report (still on page 1), she noted that I had arrived at the appointment about 20 minutes late. However, she omitted that DOL had deliberately scheduled me to see her the very first thing in the morning all the way in Brooklyn while I lived all the way in the north Bronx very near the border of Westchester County—a significant commuting distance by NYC subways with its constant stops & delays.

<sup>&</sup>lt;sup>24</sup> There was, at a minimum, yet another incident in which Dr. Bobseine in particular concealed her marriage to her husband Dr. Wapner in an op-ed she wrote for a newspaper promoting his reelection to a local public office. I discuss this at some length at the end of this very section just prior to the conclusion section.

And Employee Health Service (EHS) Director, RICHARD A. CIULLA, acknowledged in his Declaration (*Quadir III*, ECF 45, filed 8/23/19, p. 7 of 10, paragraph 26) "EHS also arranged for Plaintiff to be examined by John Wapner, Ph.D., on September 21, 2015." However, there is no mention of psychologist John Wapner being married to Cynthia Bobseine and both being selected by Ciulla's EHS to "evaluate" me. EHS subsequently selected Cynthia Bobseine to "evaluate" me on March 8, 2016—ibid., paragraphs 37 & 40 on pp. 8-9 of 10. Ciulla claims on page 10 of his Declaration, paragraph 44 that "DOL did not direct or advise EHS, and EHS did not direct or advise Dr. Bobseine, what conclusion to reach, i.e., whether to find Plaintiff fit or unfit to perform the duties of a Labor Services Representative." He made a similar claim pertaining to Dr. Wapner on p. 8, paragraph 33 of his Declaration.

#### Case 1:16-cv-07476-JPO Document 88 Filed 01/14/20 Page 12 of 52

Pro Se Plaintiff, Mohammed Quadir's, Opposition to Defendant DOL's Motion for Summary Judgment Quadir v. NYS Dept. of Labor, SDNY (16-CV-7476 & 17-CV-5177)

Dr. Bobseine further omitted DOL knew that my tardiness was directly linked to my malady, but repeatedly refused to accommodate me by allowing me to come to work a little later in the morning at reduced pay of course. As just one example of this denial, please see DOL's Exhibit L for the **Thursday**, **November 13**, **2014 12:20 PM** email from Bronx DOL office manager Atul Sheffey, where he acknowledged that I was late for work because of my illness, but because I had been placed on "time restrictions" (i.e., "full restrictions") directly by him by the way (not even by DOL headquarters in Albany, NY) I still had to be at work on time at exactly 9am.<sup>27</sup>

(Incidentally, for proof that I was placed on "full restrictions" directly by Sheffey himself, which by the way is a highly punitive measure because of which I have not essentially accrued any leave days whatsoever since April 2014, totaling into the tens of thousands of dollars by now, please see Plaintiff's Declaration in *Quadir I*, 134-2 filed 02/22/16, page 11 of 13, **paragraph 43**, where DOL Personnel Administrator, Kathy Case, admits "full restrictions" was initiated by Sheffey himself not by DOL's personnel office in Albany, NY. See also the following paragraphs from the foregoing Declaration where I further discuss "full restrictions": **paragraphs 5, 17, 39-49**. And even if "full restrictions" had not been initiated and put into place by Sheffey himself, but instead by DOL's personnel office in Albany, it frankly still would not matter as my lawsuit is not against Atul Sheffey as an individual, but against the NYS Dept. of Labor. <sup>29</sup>)

<sup>&</sup>lt;sup>26</sup> It stands to reason, if I had difficulty getting to the Bronx DOL office from my residence in the Bronx by exactly 9am due to my ongoing malady, I would have a substantially more difficult time getting to Brooklyn from the Bronx by 9am. DOL certainly knew all this and deliberately set me up to fail.

<sup>&</sup>lt;sup>27</sup> Similarly on page 2 of 3 of her 3/8/16 evaluation report, Dr. Bobseine noted that I was "highly suspicious" of management's intentions towards me, but she did not explain why—DOL's Exhibit DD, DEFS 5238. She also noted, similar to her husband DOL psychologist John Wapner, that my "... impulse control was adequate"—ibid. She further noted "[t]here was no evidence for suicidal or homicidal ideation..."—ibid.

And since Sheffey had put me on "full restrictions" he also had the power to take me off the highly punitive measure even without involving DOL's personnel office. And even if he somehow miraculously did not have the latter power, DOL certainly did, which it chose not to exercise in this case. And most notably and once again my lawsuit is against the NYS Dept. of Labor as an employment organization/entity of the state of NY, not against Bronx DOL office manager Atul Sheffey as an individual.

<sup>&</sup>lt;sup>29</sup> I already discussed at some length as part of my 2<sup>nd</sup> complaint (filed on 09/23/16), office manager Sheffey's refusal to allow me to come to work a little later in the morning at reduced pay of course due to my illness. As proof, please see ECF 2-1, pp. 2-4, 7-10, 19-20, 28 of 38 and ECF 2-2, pp. 14-17, 19-23 of 43. And see also **Newly Submitted Exhibit p. 243** for an email from Oct. 30, '14, from Ann Decker-Montarello in which she advises a frontline supervisor like Noemi Ramos that Ramos had the direct authority to extend "full restrictions" on her own for another 6 months.

Pro Se Plaintiff, Mohammed Quadir's, Opposition to Defendant DOL's Motion for Summary Judgment Quadir v. NYS Dept. of Labor, SDNY (16-CV-7476 & 17-CV-5177)

On page 2 of her March 8, '16, "evaluation" (still under the "MENTAL STATUS" heading of her report) Dr. Bobseine noted my "... attitude was polite and appropriate throughout... [and that my] perceptions were grossly intact, with no evidence for hallucinations." And when very specifically asked whether or not her finding my "... thought processes were organized, and thought content was grossly intact..." weighed in favor of a conclusion that I was fit to work, Dr. Bobseine answered yes—ibid., and Bobseine transcript, pp. 51-52. The same goes for Dr. Bobseine's finding (meaning she also answered yes) that I had adequate impulse control and "... presented with at least average intelligence, fair insight and adequate judgement" (ibid., and Bobseine transcript, pp. 52-53).

The LSR job title is broken down into at least **eight** different types of work assignments and/or work units with each group doing frankly different kind of work within the same exact DOL agency. These include, but are not limited to **599**<sup>30</sup>, Telephone Claims Center Unemployment Insurance (**TCC-UI**), and Unemployment Insurance Appeals Board (**UIAB**) units. I worked in none of these foregoing types of LSR units. They also include "**Employment Services**" providing services directly to unemployed customers, which is the type of unit I was assigned to. I was not even assigned to the type of LSR units that exclusively provided services directly to **employers**. The remaining three types of LSR work units include **LSR-LVER** (Local Veterans' Employment Rep.), **LSR—DVOP** (Disabled Veterans Outreach Program), and finally **LSR-Rural** (serving chiefly agricultural workers). During Dr. Bobseine's deposition (transcript, p. 55), it was inaccurately noted or implied there are only about 4 different types of LSR assignments and/or units.<sup>31</sup>

And in regards to Bates number ending in 5196 (or DEFS 5196—Newly Submitted Exhibit p. 237) and the numbers preceding before and after it (pertaining to the LSR Duties Statement) when asked which of the numerous LSR-types of units I was assigned to work in as discussed in the preceding paragraph, Dr. Bobseine answered "I don't recall." (See Bobseine transcript p. 55.) Dr. Bobseine could not even say I was assigned only to "Employment Services"—ibid. When asked whether or not the 10-page LSR Job Duties Statement was provided to her by DOL prior to her March 2016 "evaluation" Dr. Bobseine answered "I can't say, really"—ibid., p. 54. When asked if I was not fit to

<sup>&</sup>lt;sup>30</sup> For some inexplicable reason, LSRs in the 599 units are not even specifically indicated in the LSR Duties Statement as discussed by me in *Quadir I*, ECF 5-8 Filed 05/31/13 Page 6 of 12.

<sup>&</sup>lt;sup>31</sup> I discussed all of the foregoing in some of my prior submissions to the Court including in the first lawsuit. As just one example, please see *Quadir I*, ECF 5-8 Filed 05/31/13, pp. 2, 5-8 of 12. And for the actual 10-page LSR Duties Statement, please see ECF 5-5 Filed 05/31/13 Page 61-70 of 84, also from *Quadir I*. DOL resubmitted the foregoing LSR Duties Statement as DOL's Exhibit A on 8/23/19 as part of its Summary Judgment Motion documents and exhibits in these present *Quadir II & III* lawsuits against DOL—Case 1:17-cv-05177-JPO Document 42-1 Filed 08/23/19.

perform any of the LSR job duties, Dr. Bobseine answered "I wouldn't say that"—ibid., and especially pp. 56-57 & see also 58. And when asked did she even consider the possibility that I might have been fit enough to return to work and perform some of my job duties, Dr. Bobseine answered no—ibid., p. 59.

Under the "**PSYCHOLOGICAL TESTING**" section of her report (pp. 2-3), she found that I had performed in the *very low range* on the <u>Brief Cognitive Status Exam</u>, which is supposed to measure for various types of cognitive functioning (Bobseine transcript, p. 61). She said I needed to have scored an *average* or *low average* in order work as an LSR—Bobseine transcript, p. 64.

Insofar as the Working Memory Index (WMI) exam (Bobseine's evaluation report, p. 3—DEFS 5239, DOL's Exhibit DD), which is a compilation of three other subtests including the digit span subtest, letter-number sequencing subtest and the arithmetic subtest. The WMI is supposed to measure for intelligence by "...looking for short-term memory, concentration, attention, ability to listen to information and process it and manipulate it, as in doing math in his head. .." (See Bobseine transcript, p. 66.) In regards to my performance on the WMI, Dr. Bobseine wrote the following in her evaluation report (p. 3): "Depending upon which two subtests are summed for a score on the composite WMI, his score ranges from borderline to low average." When asked specifically whether "... someone of below average memory ability [is] unfit to work as an LSR. .." Dr. Bobseine answered no—Bobseine transcript, p. 69; see also pp. 66-72 of said transcript for a discussion of the WMI exam.

To sum up the results from the <u>Wechsler Memory Scale</u>, 4th edition Flexible Approach (<u>LMVI</u>) exam, Dr. Bobseine testified I needed to have scored "average" on the 4 subtests evaluating for immediate memory and delayed memory, visual memory and auditory memory in order to have been considered fit for duty as a LSR—Bobseine transcript, pp. 72-76. Her evaluation found my score was not "average" on the subtests administered. When asked how drawing a clock on a psychological exam is in any way related to the job duties that would have been performed by me as a LSR, Dr. Bobseine conceded it did not—ibid., p. 76. In fact, her exact words were "[d]rawing a clock does not"—ibid.

The final test Dr. Bobseine conducted was the <u>Beck Depression Inventory</u>, 2<sup>nd</sup> edition, which is essentially a self report on depressive symptomatology and its severity one might be experiencing at the time the test is taken (Bobseine's evaluation report, p. 3—i.e., DEFS 5239, DOL's Exhibit DD— & Bobseine transcript, p. 76). Based on this test Dr. Bobseine found I suffered from moderate level of clinical depression—Bobseine transcript, p. 78. And this "finding" contributed to her conclusion I was unfit to work as a LSR—ibid.

And very similar to her husband, Dr. John Wapner, Dr. Bobseine was never shown by DOL my excellent work performance reports from May 2014 to May 2015. In my case,

#### Case 1:16-cv-07476-JPO Document 88 Filed 01/14/20 Page 15 of 52

Pro Se Plaintiff, Mohammed Quadir's, Opposition to Defendant DOL's Motion for Summary Judgment Quadir v. NYS Dept. of Labor, SDNY (16-CV-7476 & 17-CV-5177)

Dr. Bobseine answered "I don't recall" when very specifically asked whether or not she had reviewed these 13 months of work performance metrics, based on which LSRs in the entire state of NY were being evaluated—Bobseine transcript pp. 79-80. These performance metrics revealed that month after month (for 13 consecutive months) I was not only meeting, but exceeding DOL's performance benchmarks of 95% when many of my LSR co-workers without medical handicaps were not.<sup>32</sup>

Dr. Bobseine was specifically asked if she had been shown my excellent work performance reports would that have changed her conclusion finding me unfit to work. She responded by saying no, because as she stated it "... my data says that he would have trouble doing his job"—Bobseine transcript, p. 80.<sup>33</sup> And when asked whether she had requested to see any other reports or notes from Dr. Iqbal other than the January 1, 2016, Return-to-Work letter Dr. Iqbal authored finding me fit to work (which DOL submitted as **Exhibit Q** in these cases), Dr. Bobseine answered no—ibid., p. 81.

When asked whether Dr. Bobseine had reviewed my neurological reports (intimating my ability to indeed work) from Dr. Gulati's office of visits from 3/2/15, 6/1/15, and 5/2/16, she answered "I have not seen these before today"—ibid., p. 83. She further admitted that Dr. Gulati's report from the 3/2/15 visit finding my immediate recall to be intact, short-term and long-term memory to be intact directly conflicted with her findings to the contrary—ibid., pp. 83-84. Dr. Bobseine admitted the same in response to being shown the medical report from my 6/1/15 visit with Dr. Gulati in which he also found my immediate recall and short-and-long-term memory to be intact. In fact, her exact words were "[t]his conflicts with my examination"—ibid., p. 85 for the exact citation and see also p. 84 for context. She similarly responded by saying "[t]hese findings are different than mine" (ibid., p. 86) when shown Dr. Gulati's progress notes from the 5/2/16 visit (just 2 months after her March 8, '16 "evaluation"— DOL's Exhibit DD) in which he found my memory (long-and-short-term) and immediate recall to be intact.

<sup>&</sup>lt;sup>32</sup> As noted and discussed in far greater detail in the earlier section of these Opposition Papers discussing the numerous shortcomings of her husband Dr. John Wapner's Sept. 21, '15, evaluation of me, these critical work performance reports were filed on 2/22/16 as **Exhibit 28** in my first SDNY *Quadir* lawsuit (13-CV-3327, ECF 137-1). As such, please see the previous section of these Opposition Papers pertaining to Dr. Wapner where I discuss in far greater detail the relevancy and applicability of these work performance reports.

John Wapner who were paid by DOL to meet and "evaluate" me for about 2-3 hours each in total or my aforementioned 95% or better work performance reports; my Dr. Gulati neurological records intimating my ability to work; my Dr. Iqbal psychological records; and the Iqbal return-to-work letters from 2016 & 2017 explicitly finding me fit to work in addition to of course the "GoodTemps Confidential Medical Report Psychiatric Disability" Dr. Iqbal completed on 9/7/17 on my behalf explicitly finding me once again fit to work as a result of, which I was placed on assignment by the GoodTemps employment agency to work for the Westchester County Council for part of 2018—for months of February, March, April & August. Once again see Newly Submitted Exhibit pp. 238-240, which is the citation for the latter.

Finally, before concluding this section discussing why Dr. Bobseine's March 8, '16, evaluation is grossly flawed, I need to advise the Court of yet another incident in which Dr. Bobseine concealed her marriage to her husband, Dr. John Wapner that we learned of during her deposition. On October 17, 2017, Dr. Bobseine authored a newspaper op-ed for the HudsonValley360 promoting Dr. Wapner's reelection to the Chatham Town Board without identifying herself to the voters as his wife for 40 years—Newly Submitted Exhibit pp. 241-242. This is a direct conflict of interest and the voters were entitled to know this information. Dr. Bobseine answered no, when specifically asked "[d]id you disclose in this letter that John Wapner is your husband?"—Bobseine transcript, p. 91.

#### **Conclusion**

For all the foregoing reasons articulated herein and in my upcoming Responses to DOL's 56.1 Statement, the Defendant DOL's Motion for Summary Judgment should be denied by the Court and these combined *Quadir v. NYS Dept. of Labor* cases should be allowed to proceed to a jury trial. DOL has consented to electronic notification in these cases.

Plaintiff thanks the Court.

- 3 A. Yes.
- 4 Q. And they sent you their file?
- 5 A. Yes.

- 8 Q. Have you reviewed the complaints in Mr. Quadir's
- 9 cases?
- 10 A. No, I don't believe so.
- 11 Q. Are you familiar with his allegations?
- 12 A. Very generally.
- 13 Q. What do you understand them to be?
- 14 A. Well, I know that he had -- he had accommodations
- 15 for a period of time for depression, a diagnosis of
- 16 depression. When those expired, he reapplied and
- 17 they were not granted, and he was found unfit to
- 18 work and contested that.
- 19 Q. At what point in time are we talking about?
- 20 A. Prior to when I met with him. This was part of the
- 21 history that he gave me.
- 22 Q. It was prior findings of his unfitness before you
- 23 met with him?
- 24 A. Yeah.
- 25 Q. Okay. We'll come back to that. I just want to talk

for 1 legislation.

- 2 Q. Would you say that you have a specialty?
- 3 A. I don't understand. Exactly in what? What are you

- 5 Q. I guess the first question is if you would say you
- 6 had a specialty at all, right? Some people might
- 7 simply describe themselves as generalists. So my
- 8 question is: When you were describing yourself,
- 9 would you describe yourself as having a specialty?
- 10 A. Okay. I think my specialty is assessment and
- 11 developmental psychology.
- 12 Q. Do you have a specialty in school psychology?
- 13 A. No.
- 14 Q. When you say "assessment," does that include things
- 15 like learning disabilities?
- 16 A. Yes.
- 17 Q. Does it include depressive disorders?
- 18 A. Yes.
- 19 Q. Does it include personality disorders?
- 20 A. Yes.
- 21 Q. Did you attend medical school?
- 22 A. No.
- 23 Q. And you are not a medical doctor?
- 24 A. No.
- 25 Q. Are you licensed to prescribe medication?

- 3 A. Yes.
- 4 Q. Can you please describe all of your education since
- 5 high school, formal degree-granting education.
- 6 A. Okay. I have an Associate's Degree in Liberal Arts
- 7 from a place that's now called Hilbert College in
- western New York. I have a Bachelor's Degree in
   psychology and sociology from the University of
- 9 psychology and sociology from the University of

- 13 from the University of Albany, and I have a
- 14 respecialization in school psychology, direct
- 15 practice, which is a doctoral level degree in school
- 16 psychology, and a Ph.D. in psychology, all from the
- 17 University at Albany.
- 18 Q. What is school psychology?
- 19 A. School psychology is basically a field of psychology
- 20 that's largely related to evaluating children and
- 21 school age children under the age of, you know,
- 22 graduation from high school age. It has to do with
- 23 a lot of assessment, evaluation, identification of
- 24 disabilities, consulting around children's needs who

1 A. No.

- 2 Q. Are you familiar with Major Depressive Disorder?
- 3 A. Yes.
- 4 Q. What do you understand it to be?
- 5 A. Well, that's a good question. It's a mood disorder.
- 6 It can be very debilitating. It usually relates to
- 7 a person feeling that sense of hopelessness, a sense
- 8 of self -- poor self-esteem. Often it's accompanied
- 9 by a variety of symptoms that have to do with
- somatic symptoms, sleep problems, appetite problems,
- 11 fatigue, tiredness, sense of lack of purpose; a
- 12 variety of different criteria.
- 13 Q. Have you diagnosed patients with Major Depressive
- 14 Disorder?
- 15 A. Yes.
- 16 Q. And have you treated patients with Major Depressive
- 17 Disorder?
- 18 A. Yes.
- 19 Q. Have you ever referred a patient to a psychiatrist
- 20 for further treatment?
- 21 A. Yes.
- 22 Q. Can you describe your employment history since the

If that was 8 A. Well, I could see that he had trouble with memory 8 the only thing I was looking at, probably low from doing this test, both recent memory and some 9 average to average, but that wouldn't be 10 past memory, he had trouble organizing information, 10 appropriate. 11 so that told me what else I wanted to look at more 11 Q. - 3 a sense of what his circumstance was and why he was
- 4 functioning, how he was functioning.
- 5 Q. How bright did he seem?
- 6 A. I said at least average.
- 7 Q. Is this a screening test?
- 8 A. No. It's just a behavioral observation checklist.
- 9 It's not -- it's totally based on my interactions
- 10 with him, my impression.
- 11 Q. Got it. Can you flip back to the page ending in
- 12 5239, which is the third page of your report?
- 13 A. Okay.
- 14 Q. Looking at the top of the page, is another test you
- 15 conducted the Working Memory Index?
- 16 A. Yes.
- 17 Q. What is that test?
- 18 A. That is a series of subtests. It's part of an
- 19 intelligence test. That's what that is.
- 20 Q. When you conducted this test for Mr. Quadir, what
- 21 were you looking for?
- 22 A. I was looking for short-term memory, concentration,
- 23 attention, ability to listen to information and
- 24 process it and manipulate it, as in doing math in
- 25 his head was one of the big issues.

Page 67

- $1\,$  Q.  $\,$  Is there an LSR job duty that requires doing math in
- 2 your head?
- 3 A. I don't know about that, but there are many LSR
- 4 duties that require concentration, attention,
- 5 ability to listen to a person and remember what they
- 6 say. So it has to do with auditory memory,
- 7 short-term memory and being able to focus.
- 8 Q. Why does an LSR need memory?
- 9 A. Why does an LSR need memory? Well, the job duties
- require that he know the materials he has available
- 11 to people who come to the Department of Labor, that
- 12 he remembers how to use them, that he knows what to
- 13 give them, that he might remember a person coming
- 14 back for a second time. There's a variety of things
- 15 that would require memory.
- 16 Q. Did you ask Mr. Quadir if he remembered the
- 17 resources available at the DOL?
- 18 A. I don't recall.
- 19 Q. Did you ask Mr. Quadir if he could remember the face
- of someone that he had seen previously?
- 21 A. I don't recall.
- 22 Q. Referring back to the Working Memory Index, are you
- 23 aware of any criticism of the validity of this test?
- 24 A. No. This is a very well standardized intelligence
- test that's used in a variety of settings.

Page 68 1 Q. So you're not aware of any criticism of it?

- 2 A. No.
- 3 Q. It appears that it contains a number of subtests; is
- 4 that right?
- 5 A. Yes.
- 6 Q. Is one of them the Digit Span Subtest?
- 7 A. Yes.
- 8 Q. What is that?
- 9 A. That is -- That actually has three segments to it.
- 10 It has to do with short-term memory and sequencing
- 11 of information.
- 12 O. You found that Mr. Quadir scored in the borderline
- 13 range in that test; is that right? I'm looking on
- page 5239, about four lines down.
- 15 A. On the Digit Span, yes.
- 16 Q. Did that contribute to your findings that Mr. Quadir
- was unfit to work as an LSR?
- 18 A. Yes, it did.
- 19 Q. Why is that?
- 20 A. Because his attention and concentration were
- 21 impaired and his short-term memory was impaired.
- 22 Q. In what range would Mr. Quadir have had to score to
- 23 support a finding that he was fit to work as an LSR?
- 24 MR. BERG: Objection.
- 25 MS. HURLEY: Same.

Page 69

- 1 Go ahead and answer, Doctor.
- 2 A. I wouldn't make a determination based on that one
- 3 test.
- 4 Q. Were there some factors that weighed in favor of a
- 5 finding that Mr. Quadir was fit to work as an LSR?
- 6 A. His doctor's letter.
- 7 Q. Were any of the tests you conducted, factors that
- 8 weighed in favor of a finding that Mr. Quadir was
- 9 fit to work as an LSR?
- 10 A. Taken as a whole, no.
- 11 Q. My question is not taken as a whole, but each piece
- by itself. Did any of those tests weigh in favor of
- 13 a finding that Mr. Quadir was fit to work as an LSR?
- MR. BERG: Objection to form.
- 15 A. Well, he scored near average on auditory memory.
- 16 All of his other scores, I believe, are borderline
- 17 to low average, which is considerably lower than
- 18 average. So there was very little test data
- 19 indicating that he was fit to perform his job
- 20 duties.
- 21 Q. And is someone of below average memory ability unfit
- to work as an LSR?
- 23 A. That issue alone, no.
- 24 Q. Let's just go through them one by one quickly. On
- the Letter/Number Sequencing Subtest, you found that

Page 70 Page 72 he scored in the low average range. 1 Q. I understand. Okay. 2 A. Let me just find this. 2 A. Yes. 3 Q. Yeah. It's on the fourth line, right after the 3 Q. On the composite, in what range would Mr. Quadir Digit Span Subtest, after the semicolon. have had to score to support a finding that he was 5 A. Okay. Yes. fit to work as an LSR? 6 Q. Did that contribute to your finding that Mr. Quadir 6 A. Average. was unfit to work as an LSR? 7 Q. So another test you conducted was the Wechsler 8 A. It contributed. Yes. 11 A. Average, ideally. 11 Q. Would you call that LMVR for short or WMS? 12 Q. Next, as to the Arithmetic Subtest, you found that 12 A. LMVR. 13 he scored in the average range. Do you see that? 13 Q. LMVR, okay. And what does that test measure? 14 A. Yes. 14 A. That test measures different kinds of memory. It 15 Q. Did that contribute to your finding that Mr. Quadir measures immediate and delayed memory for both 15 was unfit to work as an LSR? verbally presented narrative material and visually 16 17 A. No. 17 presented designs. So you end up with four scores, 18 Q. Is that because his score was sufficient on that 18 immediate memory, delayed memory, verbal memory and subtest? 19 19 auditory memory. 20 A. Yes. 20 Q. Weren't the other tests also memory tests? 21 Q. Did that weigh in favor of a finding that Mr. Quadir 21 A. The WMI is, yes. And to a certain extent, the Brief was fit to work as an LSR? 22 Cognitive is. 23 A. Yes. 23 Q. Why aren't these tests redundant? 24 Q. And then you have the next sentence, you sum up, 24 A. They measure different things, different tasks. 25 "Depending on which two subtests are summed for a 25 Q. Are you aware of any criticism of the validity of Page 71 Page 73 1 score on the composite WMI, his score ranges from 1 this test? 2 borderline to low average." Do you see that? 2 A. No. 3 A. Yes. 3 Q. As to immediate memory, you found he scored in the 4 Q. What does that mean, "Depending on which two tests borderline to low average range. Do you see that? 5 are summed"? 6 A. The way the WMI, or the Working Memory Index, works 6 Q. Did that contribute to your finding that Mr. Quadir 7 was unfit to work as an LSR? is, it's not based on one of the subtests; it's based on two of the subtests. And typically the two 9 9 Q. But because of the way his Brief 11 Cognitive Status Exam came out showing a lot of 11 A. Average. 12 Q. As to delayed memory, you also found he scored in deficits, I wanted to get data on different kinds of 13 the borderline to low average range. Do you see 13 short-term memory. 14 Q. Just so I understand, you ran three of these tests, 14 that? 15 right? 15 A. I'm sorry? 16 Q. Sorry. So, actually, the sentence says, "Borderline 16 A. Correct. 17 Q. There's a page that says, "WMS-IV Response Booklet, Brief Cognitive Status Exam, So his doctor's letter was from another day. Visual Reproduction I and II." 9 Q. - 4 A. Yes.
- 5 Q. Do you have an opinion, based on your personal
- 6 experience, whether you are able to more accurately
- 7 diagnose depression based on counseling sessions
- 8 versus the BDI?
- 9 A. It varies. It's not across-the-board.
- 10 Q. You found that Mr. Quadir suffers from a moderate
- 11 level of clinical depression; is that right?
- 12 A. Yes.
- 13 Q. Did that contribute to your finding that Mr. Quadir
- 14 was unfit to work as an LSR?
- 15 A. Yes.
- 16 Q. Why?
- 17 A. Because if you look at the things that he reported,
- 18 many of those symptoms would interfere with him
- 19 doing his job.
- 20 Q. How did they interfere?
- 21 A. His mood, his pessimism about the future, generally
- 22 his low mood, his self-critical feelings, but more
- 23 importantly I think his restlessness, his reported
- 24 problems with concentration, with making decisions,
- low energy, sleep problems, all suggest that he

Page 79

- 1 would not be functioning well on a daily basis.
- 2 Q. Can someone with depression be an LSR?
- 3 A. Someone with that diagnosis? Yes.
- 4 Q. But not Mr. Quadir?
- 5 MR. BERG: Objection to form.
- 6 A. A person with depression can be treated and can feel
- 7 better and have many fewer symptoms of depression
- 8 based on how they respond to treatment and so, yes.
- 9 Q. Did you make a determination about whether
- 10 Mr. Quadir would respond to treatment and his
- 11 condition might improve?
- 12 A. No.
- 13 Q. Do you recall that you reviewed Dr. Wapner's report
- 14 from his September 2015 evaluation of Mr. Quadir?
- 15 A. Yes.
- 16 Q. Do you recall that Dr. Wapner found that Mr. Quadir
- 17 was lacking in coping skills?
- 18 A. Not particularly, no.
- 19 Q. Did you reach any conclusion about Mr. Quadir's
- 20 coping skills?
- 21 A. Not that I wrote in the report.
- 22 Q. Okay. I'd like to ask you some questions about the
- 23 factors you considered in the course of your
- evaluation of Mr. Quadir. Did you review any of
- 25 Mr. Quadir's performance evaluations from work?

Page 78 1 A. I don't recall.

7

- 2 Q. If it were true that Mr. Quadir's supervisor had
- 3 given him positive performance reviews in the months
- 4 and years before your February and March 2016
- 5 evaluations of him, would that change your opinion
- 6 of his fitness to work as an LSR?
  - MR. BERG: Objection.
- 8 MS. HURLEY: Objection.
- 9 A. Not at the time that I did the evaluation.
- 10 Q. Why not?
- 11 A. Because my data says that he would have trouble
- 12 doing his job.
- 13 Q. Are an employee's performance evaluations relevant
- 14 to your determination of their fitness for the
- 15 workplace?
- 16 A. Sometimes.
- 17 Q. Under what circumstances?
- 18 A. If they're current, if they're in timing with what
- 19 I'm seeing, when I'm seeing the person.
- 20 Q. How recent is current?
- 21 A. Concurrent. At time of referral.
- 22 Q. The same day, the same week, the same month?
- 23 A. I would give more weight to something that came with
  - 4 the referral. Let me say --
- MS. HURLEY: You answered the

Page 81

Page 80

- 1 question, Doctor.
  - 2 BY MR. ROCHELSON:
  - 3 Q. You mentioned that you received the return to work
  - 4 letter from Dr. Iqbal. Do you recall that?
  - 5 A. Yes.
  - 6 Q. When you prepared your report, did you ask to see
  - any other reports or notes from Dr. Iqbal?
  - 8 A. No.
  - 9 Q. Why not?
  - 10 A. I felt I had a lot of data to the contrary and it
  - 11 wouldn't have made a difference.
  - 12 Q. So if you had a different opinion from Dr. Igbal,
  - wouldn't you want to see the data that supported his
  - 14 opinion?
  - 15 MS. HURLEY: Form.
  - 16 A. I felt I had sufficient data to make a decision.
  - 17 Q. Under what circumstances do you ask to see a
  - patient's prior medical records?
  - 19 A. If the person is not giving me clear information
- about what's going on in treatment, I often will
- 21 contact the treating professional.
- 22 Q. Did you find that was true for Mr. Quadir?
- 23 A. No.
- 24 Q. He was giving you adequate information to make your
- 25 evaluation?

Page 82 Page 84 1 A. I thought so. 1 A. Yes. Some of it does. 2 Q. Are you aware that Dr. Iqbal identified certain job 2 O. Which parts? 3 duties that Mr. Quadir was unable to perform? 3 A. His mood was different when I saw him. He had 4 A. No. trouble with immediate recall. He had trouble with 5 Q. Could we go back to Exhibit 5, please? 5 short-term memory. He had trouble with delayed 6 A. Do you want me to read this? memory, which is different than long-term memory. 6 7 Q. Have you seen this document before? 7 Those things. 8 A. No, I haven't. 8 Q. How is delayed memory different from long-term 9 Q. So this is Exhibit 5, previously entered as an 9 memory? 10 exhibit to Dr. Wapner's deposition, and I believe 10 A. Delayed memory is something that's measured by the 11 there were certain objections made to its 11 LMBR, which is that a person has to recall something 12 authenticity, but I'll ask you to just review it 12 after 20 minutes with no reminders. I can't say. 20 to read them completely, if you'd like. 20 Q. Are they both? 21 A. Okay. Just this one or --21 A. I would think so, yes. 22 Q. No. So there are three pages of notes here from 22 Q. Looking at the next page of this exhibit, these are 23 visits on March 2, 2015, June 1, 2015, and May 2, 23 notes from a June 1, 2015 visit. 24 2016. 24 A. Okay. 25 A. Okay. 25 Q. And this time, it's on the first page, about Page 83 Page 85 1 Q. Dr. Gulati found that Mr. Quadir -- had: "Mood is 19 20 appropriate, immediate recall is intact, short-term 20 to the form of the question exactly, but to 21 memory is intact, long-term memory is intact."
